

Telescopic pole. Maximises your downwind performance.
Minimises your stowage problem.

Telescopic poles

Telescopic pole, can be extended to 150% of normal spinnaker pole length, a must when poling out a large genoa or a gennaker. It can be telescoped down for easier stowage.

Art. No.	RM 30° kNm	Displ. tonnes	Section dia., mm		Weight kg	Min. length for stowage mm	Spinnaker pole postion mm	Whisker pole heavy conditions mm	Whisker pole light conditions mm
			Inner	Outer					
060-060-58	18	3.6	48	60	6	2530	3000	3600	4500
072-072-61	35	6.3	60	72	10	2950	3500	4200	5250
084-084-60	55	9.0	72	84	13	3280	3900	4875	5820

Jockey poles

Art. No.	RM 30° kNm	Sec- tion mm	Total length mm
060-060-55	26	60/60	1810
060-060-56	35	60/60	2010
084-084-58	90	84/84	2480
096-096-58	250	96/96	2760
096-096-59*	250	96/96	2840

The jockey pole reduces the loads and minimises the wear on guys and life lines.

*096-096-59 includes inboard end 534-778-04 and requires male fitting 508-149-01 at the mast.
