

Spare Parts List

Boom B153, B134, B172, B199

From 2016

General information

This part list does not list the variations, but gives the maximum quantities that each boom end-fitting can be fitted with for each part number. The boom end-fittings can thus easily be fitted with supplementary parts at a later date. Because the same spareparts drawing is used for all gooseneck end-fittings or for all outboard end-fittings, more items are often shown on the drawing than can actually be fitted.

Nor are the spares drawings necessarily identical to the parts listed.

"Inboard and Outboard boom end" have numbers and letters marked at most of the sheave slots.

Outhaul normally use the O-slot, Reef 1 the 1-slot, Reef 2 the 2-slot etc.

Boom specifications

	Boom section Height/width(mm)	I _y (cm ⁴)	I _x (cm ⁴)	Wall thickness (mm)	Weight 0/+20% (kg/m)	W _y min (cm ³)	W _x min (cm ³)	Sail groove (mm)
	B134/74	259	73	2.4	2.66	38.2	19.7	10+/-0.75
	B153/86	438	132	2.7	3.62	55.2	30.8	10+/-0.75
	B172/98	720	219	3.1	4.65	81.5	44.7	10+/-0.75
	B199/122	1257	407	3.2	5.9	124.6	67	10+/-0.75

Dimensions inboard boom end

Boom section	A mm	ø D mm	W mm

Dealer:

The Seldén Group is the world's leading manu-facturer of mast and rigging systems in carbon and aluminium for dinghies, keel-boats and yachts. The range was extended with deck hardware in 2008.

The Group consists of Seldén Mast AB in Sweden, Seldén Mast A/S in Denmark, Seldén Mast Ltd in the UK, Seldén Mid Europe B.V. in the Netherlands, Seldén Mast SAS in France, Seldén Mast Inc. in the USAw. Our well known brands are Seldén and Furlex. The worldwide success of Furlex has enabled us to build a network of over 750 authorised dealers covering the world's marine markets. So wherever you sail, you can be sure of fast access to our service, spare parts and know-how.

SELDÉN and FURLEX are registered trademarks of Seldén Mast AB
